

**JainAutoEquipmentCo.**

**UFTUP<sup>®</sup>**

## COMPANY PROFILE

**We are manufacturer of garage automobile equipment.  
we excel in vehicle lifting equipments.**

**Our motto is to automatize workshop services.**

**We have dealer network in almost every states of India.**

**They provide product and after sales service in concerned states.**

**YEAR OF INCEPTION : 2016**

## Air Jack - 5ton

- 1. Lifting Capacity** - 5 Tons
- 2. Max. Height** - 457.2 mm
- 3. Min. Height** - 139.7 mm
- 4. Weight** - 27 Kg

### Benefits:

- (1) Time saving - Lifts in 5 secs
- (2) Capacity : 5 Tons
- (3) Effective utilisation of manpower - No need of specialised labour
- (4) No breakdown - No oil, no electricity, works totally on air compressor
- (5) User friendly - Single button operation.
- (6) Economically beneficial for business.
- (7) 1 year Guarantee of air bellows.

## PORTABLE JACK-3.5 TON

- 1.Lifting Capacity** -3.5 Tons
- 2.Max. Height** -381 mm
- 3.Min. Height** -139.7 mm
- 4.Weight** -8 Kg

### Benefits:

- 1.Time saving - Lifts in 1 min
- 2.User friendly - Single button operation
- 3.Compact in size - Fits easily in your car.
- 4.Fully automatic.
- 5.Capacity : 3.5 Tons
- 6.Effective utilisation of manpower - No need of specialised labour
- 7.No Maintenance - No oil, no electricity, works totally on air compressor

(72)Name of Inventor :

**1)ARUN TEJKUMAR DUGAR**

(57) Abstract :

The present invention relates to a pneumatic jack operated by deflation and inflation of pneumatic body (5) having a pressurized gas therein for rapidly and effortlessly lifting an object such as a motor vehicle including an automobile, a van, and a truck for one purpose of changing a tire. The pneumatic jack mainly comprises a base plate (2), a top member (3), and a pneumatic body (4) being capable of inflated and deflated by introducing compressed gas therein. The pneumatic body (4), in turn, is disposed between the base plate (2) and the top member (3). Arranged in this manner, the apparatus is operative to raise the top member (3) away from the base plate (2) as the pneumatic chamber (4) is inflated and along with the movement of the top member (3), the object is raised upwardly.

# OUR ACHIEVEMENTS AND OUR USP

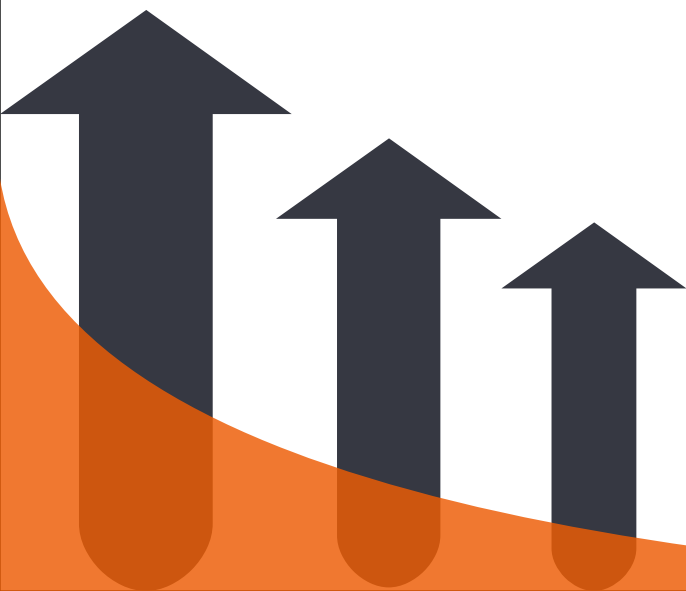

## OUR ACHIEVEMENTS

We have installed more than

**2000 jacks** and **250 Scissor lifts**  
in Tyre shops.

## OUR USP

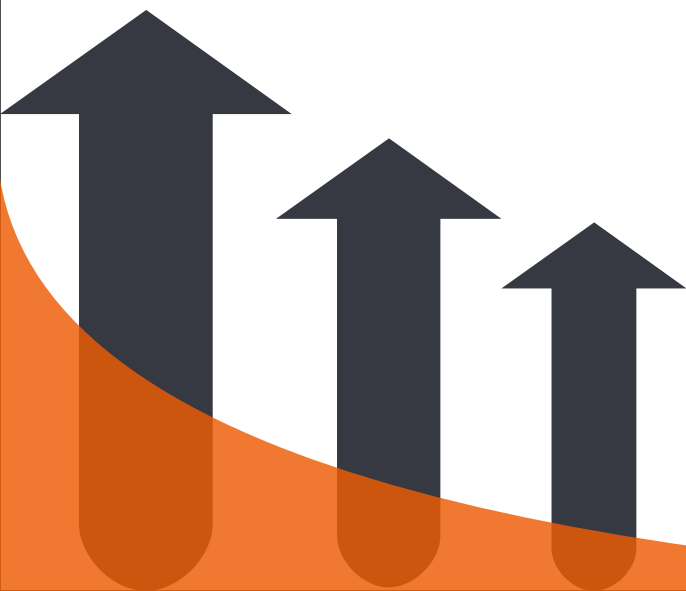

- .Complete in house manufacturing
- .MADE IN INDIA
- .1 Year Gaurantee of spares and services
- .Pan India Presence of Dealer Network
- .Works on unique and maintainence free pneumatic balloons technology

## OUR ESTEEM CLIENTS

- 1.LAL Tyres
- 2.Ajmera Tyres
- 3.Hemant Tyre
- 4.Hindustan abhikaran
- 5.Premji Motors
- 6.Pune Tyres
- 7.Fastrack Tyres

## OUR SUGGESTIONS

**1. We can suggest these products in current brand stores and new upcoming brand stores.**

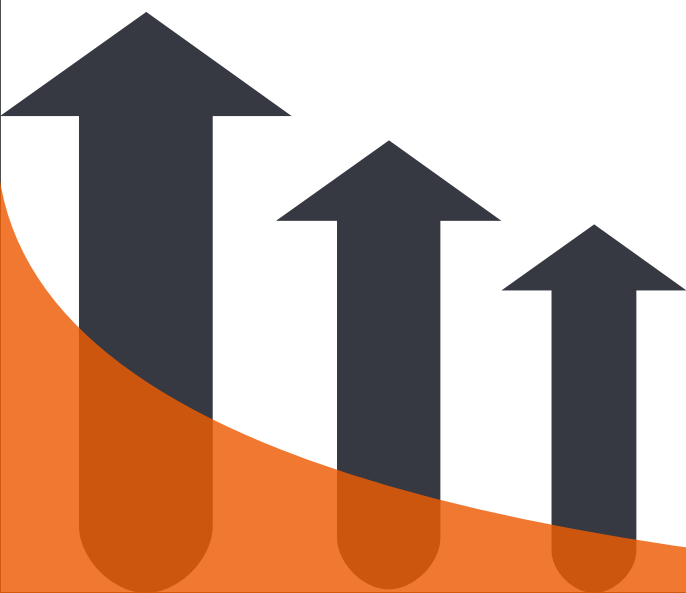

**This will give better efficiency and updated look of the shop.**

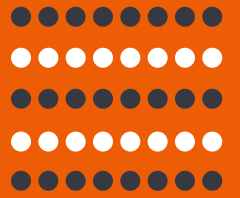

**2. We can give these products on achievement of specific targets.**

**In this way they will get a useful product for the shop and will be motivated to achieve targets.**

**3. A point system can be created on specified target basis, which can redeemed later against purchase of our product.**

**4. We can give annual gifts to your esteemed customer for developing relations.**
